

Jayesh Deshmukh

Software Developer · Microsoft Dynamics 365 & Azure Integration

+91 98811 59380 · jdeshmukh521@gmail.com · linkedin.com/in/jdz777 · Pune, Maharashtra, India

PROFESSIONAL SUMMARY

Results-driven Software Developer with 3+ years of enterprise software development experience, specializing in Microsoft Dynamics 365 CRM, cloud integration, and scalable enterprise solutions. Proven track record of leading end-to-end CRM implementations, building complex API integrations, and delivering high-impact automation solutions that optimize business processes and operational efficiency.

TECHNICAL SKILLS

Languages	C#, JavaScript, TypeScript, SQL, Python
Frameworks & Technologies	.NET Core, Azure Functions, Power Platform (Power BI, Power Apps, Power Automate)
Cloud & DevOps	Microsoft Azure, Azure DevOps, CI/CD Pipelines, Solution Deployments
CRM & ERP	Microsoft Dynamics 365 (Sales, Marketing, Project Operations), SAP Integration
Development Tools	Plugin Development, Ribbon Workbench, REST/SOAP APIs, MySQL, Git
Methodologies	Agile/Scrum, SAFe 6, Requirements Gathering, Stakeholder Management

PROFESSIONAL EXPERIENCE

Siemens Technology and Services Private Limited

March 2024 – Present

Software Developer

Pune, India

- Contributing to end-to-end implementation of Dynamics 365 Project Operations, collaborating with business stakeholders to build scalable project management solutions and optimize workflows.
- Architected and developed comprehensive CRM customizations for Sales and Marketing modules using plugins (C#), JavaScript, Power Automate, and Ribbon Workbench, improving user productivity by 40%.
- Built custom Power BI dashboards and Power Apps solutions integrated with D365 CRM, providing real-time analytics and business insights to executive leadership.
- Managed solution deployments across multiple environments (Dev, QA, Production) with zero downtime, implementing CI/CD best practices using Azure DevOps.
- Collaborated directly with business owners to gather requirements, translate business needs into technical specifications, and deliver solutions aligned with organizational goals.

UST (Pragmasys LLP)

August 2022 – March 2024

MS D365 CRM Developer — Enterprise Solutions

Pune, India

- Designed and implemented scalable Azure Function Apps to orchestrate API integrations between Dynamics 365 CRM and SAP ERP, enabling real-time data synchronization for 10,000+ records daily.
- Developed custom plugins and JavaScript solutions for complex business workflows, reducing manual data entry time by 60% through automation.
- Successfully consumed and integrated SAP APIs with D365 CRM, creating seamless enterprise system connectivity and improving operational efficiency by 35%.
- Built automated workflows using Power Automate to streamline approval processes and notifications, reducing processing time from days to hours.
- Collaborated with cross-functional teams to deliver cloud-based CRM solutions, ensuring high availability and performance optimization.

AssetCues

February 2022 – August 2022

.NET Developer

Pune, India

- Developed full-stack web applications using .NET Core, implementing RESTful APIs and database solutions with MySQL.
- Contributed to application architecture decisions and code reviews, maintaining high code quality standards.
- Collaborated with product teams to deliver customer-facing features on tight deadlines.

KEY ACHIEVEMENTS

- Contributing to D365 Project Operations implementation serving 500+ users across multiple business units.
- Reduced system integration errors by 75% through robust error handling and automated testing framework.

EDUCATION & CERTIFICATIONS

Master of Computer Applications (MCA) — Computer Programming

2020 – 2022

Department of Computer Science, Pune University

Pune, India

- Certified SAFe 6 Practitioner — Scaled Agile Framework
- C# .NET Core with Real World Examples — Applied Software Development
